

By Flowing Waters

By Flowing Waters: Chant for the Liturgy, a treasury of nearly 700 authentic chants and songs based on authentic chants, provides the best and most accessible of the plainsong tradition for use by assemblies, cantors, and choirs.

By Flowing Waters is the first, complete, English version of the *Graduale Simplex* (the Simple Gradual), the second of two official song books of the Roman liturgy—the other is the *Graduale Romanum* (the Roman Gradual).

The litanic (call and response) style of the entire collection moves the work of worship between the cantor and the assembly, giving new meaning to the word “liturgy” and to the keynote of the liturgical renewal: “full, active, conscious participation.”
