Quire:

We walked and worked in light this day. Now we in dark - ness dwell.

We sought to use your light a - right, Now sounds the sol - emn bell

That bids us en-ter in - to rest, in sleep to claim your grace. Now pur - i - fy our thoughts, we pray,

Make night shine with Christ's face. That we may know un-trou-bled rest, And wake to bles-sed hours,

When we re - jice in light re-stored, With faith that grows and flowers A - men.
